

SERENDiB COLLEGE

SCIENCE – Grade 10

Unit 05 - Friction

Date: 11.05.2026

Deadline: 13.05.2026

1. Write short notes on “5.4. Practical Applications of Friction” by referring to your textbook.
(Related textbook pages have been uploaded to the notes section in LMS.)
2. Find examples from your home environment where friction is **useful** and **unwanted**.
Copy down the table below and complete it with at least **three examples** for each category.

(A) Useful applications of Friction

Example	How friction is useful
1.	
2.	
3.	

(B) Unwanted applications of Friction

Example	Why friction is unwanted
1.	
2.	
3.	

Answer all questions in your writing book neatly and submit them.
